

Driving Instructor Authority Application

A Driving Instructor Authority (DIA) issued under the *Road Safety Act 1986* must be held by any person who, for financial gain or in the course of any trade or business, teaches an unlicensed person to drive a motor car on a highway.

For the purpose of this legislation a motor car does not include a motor cycle, a motor vehicle with a gross vehicle mass of more than 4.5 tonnes, or a motor vehicle with a seating capacity of more than 12 adults, including the driver.

The Victorian Taxi Directorate (VTD) requires all Driving Instructor Authority applicants to:

- Be the holder of a full motor car driver licence;
- Demonstrate that they are a “fit and proper” person to hold an authority; and
- Be qualified - this includes the successful completion of the Certificate IV in Transport and Logistics (Road Transport-Driving Instruction) TLI141207

Transitional arrangements to the new Certificate IV qualifications are as follows:

- Any student enrolled prior to 30 June 2008 into the Certificate III Course in Motor Vehicle Driver Trainer - 21370VIC has 12 months to complete their training and be issued the qualification;
- The Certificate III qualification will be recognised for DIA issue for applications lodged with the Victorian Taxi Directorate on or before 31 December 2010. That is, students who satisfactorily complete the Certificate III but who do not apply for a DIA issue upon course completion will be able to use the qualification to apply for a DIA before the end of 2010 without further qualification or training.

The VTD **strongly recommends** that prior to enrolling in the course, prospective applicants self assess their eligibility to hold an authority against the criteria used by the VTD when determining applications.

This includes -

- (1) Meeting the Medical Standards for Licensing of Commercial Vehicle Drivers as set out in the publication *Assessing Fitness to Drive, 2003* (All registered medical practitioners should have a copy of this publication, alternatively a current copy is available at www.austroads.com.au). This includes meeting the visual acuity standard (Snellen code) of 6/9 in the better eye and 6/18 in the worse eye.
- (2) Passing a criminal history check. Broadly, applications will be checked for convictions or findings of guilt for serious violent, serious sexual, serious drug related and fraud or dishonesty type offences or any other behavioural concerns known by the VTD. A conviction or finding of guilt for one or more of these types of criminal offences or behavioural concerns will, in the absence of compelling evidence to the contrary, be likely to disqualify a person from being granted an authority.

- (3) Passing a driver history check. Broadly, applications will be checked for serious and/or frequent traffic offences. A history of serious and/or frequent breaches of the Road Safety Act 1986 will, in the absence of compelling evidence to the contrary, be likely to disqualify a person from being granted an authority.

Any prospective applicant that has concerns about his or her eligibility to be granted an authority should contact the VTD.

How to apply:

Applications must be lodged at the Victorian Taxi Directorate in person or by mail together with all supporting documentation described in the checklist below. Any application received that does not contain all required documentation will be returned.
